

## **Getting to know...Mayor Paul Creighton:**

### **What are your favorite hobbies in your off time when you aren't serving as Mayor?**

My favorite hobbies are volunteering with the Veterans around Atwater and working on my backyard large scale garden railroad with over 150 feet of R.R. track and all the rolling stock. During the Christmas Holidays I invite friends, family and those who love trains over to enjoy our outdoor winter wonderland. I do go all out for Christmas in my backyard with the lights, popcorn machine, decorations, hot chocolate, music, bonfire, it's a real joy to see grandparents with their grandchildren watching the trains go by.

### **What do you love about Atwater?**

I love the clean small-town atmosphere along with the sense of community pride everyone has for our wonderful city.

### **What's your favorite annual Atwater event and why?**

My favorite annual event has to be the open cockpit day at Castle Air Museum. I enjoy seeing the thousands and thousands of people come to Atwater with their families young and old enjoying the wonderful history the volunteers at the museum work so hard to preserve.

### **What would you like to see more of from the Citizens of Atwater?**

I would love to see everyone keep promoting Atwater as their hometown and what a great place it is for others to live also.
